Summer Study Tour

21st December, 2015

Dear parents,

Overseas exposure has become an essential part of school life in terms of developing students to think globally and act sympathetically. It is also a great opportunity for arousing students' interest in learning English in authentic context. To provide students with such a valuable learning experience, the English Department is proposing three study tours for S.1 to S.5 students to different countries, which aim to expose students to an English speaking environment.

To provide students with choices, there are three tentative packages of study tours. We will choose to organize **ONE** of them, depending on the result of this survey. The details of the proposed tours are as follows:

	Package A	Package B	Package C
Destination	Britain	New Zealand	Singapore
Date and duration	A two-week study tour during the post exam period	A two-week study tour during the post exam period	A one-week study tour during the post exam period
Experience	- Joining international study groups - Visiting scenic spots	- Joining international study groups - Exploring local farms and pastures	- Immersing into local school life - Visiting scenic spots
Accommodation	Hall on campus	Host Family/ Hall on campus	Hall on campus
Estimated Price	\$35,000	\$30,000	\$15,000

The English Department would like to know whether you are interested in the tours. Please show your preference by signing the reply slip. Should you have any questions concerning the captioned tours, please contact Ms Ng Ngai Chi on 2464 5220.

Yours faithfully,

Chow Hing-chung
Principal
